

Director, Heart Health and Adult Intensive Care

Play a pivotal role on the medical team and help build winning strategies for program and service delivery.

With people at the heart of everything we do, we are seeking an accomplished, forward thinking, innovative, and well-rounded senior leader with 7 - 10 years' progressive experience in Nursing, Health Administration or Business Administration.

As the Director, you will set the direction for the overall strategy including operational management of programs and services for Heart Health and Adult Intensive Care. This will involve supporting and promoting patient centered care, patient safety initiatives, staff motivation and support best practices to achieve outcomes identified in the Island Health Strategic Plan.

This is a great opportunity for a dynamic leader who has working knowledge of planning concepts related to the framework and infrastructure for program delivery and planning. Demonstrated skills with physical, human and financial resources, as well as abilities driving strategic initiatives, positively leading change and building supportive teams is vital to this role. Excellent executive-level business communication skills, with experience interacting with, and presenting to, Executive Leaders and the Board of Directors is beneficial.

Education, Training and Experience

A level of education, training and experience equivalent to a Master's degree (MA, MBA or MSN), and 7-10 years of progressive senior management experience in nursing, health or business administration is essential.

As a leader, you will be supported every step of the way in your journey as you focus on making a valuable impact on our teams, where you will directly influence patient care over a wide geographic area at multiple sites. Island Health provides sponsored leadership training, supportive and accessible mentorship from a senior leadership team, competitive salary with an exceptional benefits package and the flexibility to live in any of a multitude of communities across Vancouver Island.
