

## **Research, Evaluation and Quality Improvement HP Specialist in Local Public Health Agency**

Regular, Full-Time

\$39.34 - \$49.35 per hour

### **Why recruiting?**

- We are recruiting an experienced specialist to fill a new role within a dynamic team.
- This team provides centralized supports for the whole the organization.
- As we strategically recover from the recent pandemic we require support for our program teams to be the best they can be in an ever-changing context.

### **Why work for PPH?**

- Our agency is known for it's progressive and innovative approaches including strong relationships with our local Indigenous communities.
- PPH offers an attractive total compensation package including competitive salary, paid time off, OMERS pension, group benefits and an employee assistance program.
- We offer a hybrid work environment that provides excellent opportunities for professional growth.

### **Our Community:**

- The region we serve, first known as Nogojiwanong (the City and surrounding County of Peterborough) is a great mix of urban, rural communities surrounded by natural resources.
- The total population size is close to 148,000.
- Here you will find a place where you can balance your work life with the pursuit of healthy interests for you and your family members.
