Please refer to the [\(How to Apply for a Job \(for External Candidates\)\)](#) job aid for instructions on how to apply.

If you are an active McGill employee (ie: currently in an active contract or position at McGill University), do not apply through this Career Site. Login to your McGill Workday account and apply to this posting using the Find Jobs report (type Find Jobs in the search bar).

Position description

The Department of Epidemiology, Biostatistics and Occupational Health (EBOH) at McGill University, invites applications for a part-time position in the areas of epidemiology, public health and infectious diseases. The successful applicant will hold an academic appointment as a member of the Contract Academic Staff at the rank of Assistant Professor (Teaching). This position does not confer eligibility for tenure.

McGill's EBOH department is part of the School of Population and Global Health, which is within the Faculty of Medicine and Health Sciences. The EBOH department develops world-class research consistent with McGill's international reputation as a top-ranked university.

The ideal candidate will have substantive teaching experience in epidemiology and infectious diseases.

Job Duties

The candidate will be expected to teach epidemiology and/or public health courses and to supervise Master of Science students in Epidemiology and Public Health. McGill faculty members are expected to contribute to service activities within their units, the University, and the wider scholarly community. Opportunities to contribute to the research mission of the department are also available. A demonstrated commitment to equity, diversity, and inclusion is also expected.

Qualifications and Education Requirements

Candidates must have:

- PhD in epidemiology or MD degree with MSc in Epidemiology;
- Teaching experience in epidemiology, public health and infectious diseases;
- A strong commitment to excellence in teaching

Faculty/Department/Unit: Faculty of Medicine and Health Sciences, Department of Epidemiology, Biostatistics and Occupational Health

Job Type: Contract Academic Staff ('Academic Contractual')

Rank: Assistant Professor

Salary: Salary will be commensurate with qualifications and experience

Job Status: Part-time

Posting Period: 30 days from posting

The following supporting documents are required:

- Cover letter and curriculum vitae;
- Teaching Statement;
- Names and contact information of three referees

Use a personal email address when creating an account in Workday to submit your application. Do not use @mail.mcgill.ca or @mcgill.ca email accounts to apply.

McGill University is an English-language university where most teaching and research activities are conducted in the English language, thereby requiring English communication both verbally and in writing.

L'Université McGill est une institution de langue anglaise dans laquelle la majorité des activités d'enseignement et de recherche s'effectuent en langue anglaise, rendant essentielle l'utilisation de l'anglais pour la communication orale et écrite.

McGill University is committed to equity and diversity within its community and values academic rigour and excellence. We welcome and encourage applications from racialized persons/visible minorities, women, Indigenous persons, persons with disabilities, ethnic minorities, and persons of minority sexual orientations and gender identities, as well as from all qualified candidates with the skills and knowledge to engage productively with diverse communities.

At McGill, research that reflects diverse intellectual traditions, methodologies, and modes of dissemination and translation is valued and encouraged. Candidates are invited to demonstrate their research impact both within and across academic disciplines and in other sectors, such as government, communities, or industry.

McGill further recognizes and fairly considers the impact of leaves (e.g., family care or health-related) that may contribute to career interruptions or slowdowns. Candidates are encouraged to signal any leave that affected productivity, or that may have had an effect on their career path. This information will be considered to ensure the equitable assessment of the candidate's record.

McGill implements an employment equity program and encourages members of designated equity groups to self-identify. It further seeks to ensure the equitable treatment and full inclusion of persons with disabilities by striving for the implementation of universal design principles transversally, across all facets of the University community, and through [accommodation policies and procedures](#). Persons with disabilities who anticipate needing accommodations for any part of the application process may contact, in confidence, accessibilityrequest.hr@mcgill.ca.

All qualified applicants are encouraged to apply; however, in accordance with Canadian immigration requirements, Canadians and permanent residents will be given priority.
